

July, 2021

Dear Friends of the Claddagh Foundation:

Since Mary Kate Callahan suffered her spinal cord injury in 1995, tremendous progress has been made in spinal cord research. Just as important, significant opportunities for sports and physical activity have been made available to individuals living with spinal cord injury and other physical issues. Mary Kate's achievements and experiences highlight the abilities that are discovered and developed when an individual is supported with opportunities and the proper equipment.

The Claddagh Foundation continues to support organizations improving the lives of those living with spinal cord injury and other conditions. This includes organizations that provide adaptive equipment and facilitate accessible recreational and athletic programs. Please join us in this mission. If you are aware of local organizations doing great things please let us know!!

**The Annual Claddagh Foundation Golf Outing will be held on Friday, August 13, 2021 at Ridge Country Club.** Please join us for a great day!

Thank you for standing up for those who can't!

With friendship, loyalty, and love,

*The Claddagh Foundation*
